

INM LTD — Costs of Operation Statement

For: Madam Queen Komanya Pinto
Platform: UK Shoppers Africa
Prepared by: INM LTD
Prepared and issued by: Eng. Isaac Mavura, Lead Engineer
Date: 23 August 2026

Thank you for the opportunity to work with INM LTD. This statement explains the operational cost allocation INM LTD has set for building, preparing, activating, and supporting the UK Shoppers Africa digital platform. It is provided transparently to show what has been received and what remains before activation.

INM LTD Costs of Operation

Description	Amount (TZS)
INM LTD operational costs for platform build, preparation, activation, and handover	2,500,000
Contribution already received	(500,000)
Outstanding operational balance before activation	2,000,000

What the Operational Cost Covers

The operational-cost allocation covers the work required to prepare and activate the UK Shoppers Africa digital platform, including the customer-facing website and portal, purchase-request workflow, staff operations tools, shipment and order-status updates, multilingual customer support, and the operational handover already prepared for the business.

The remaining **TZS 2,000,000** is the outstanding INM LTD operational balance identified for the activation stage. Once this balance is settled and the parties confirm the next steps, INM LTD will proceed with the final activation and handover process. Any future monthly support, hosting, maintenance, or feature-extension retainer will be discussed and confirmed separately in writing.

Our Position

INM LTD has sought to keep the operational requirement realistic for the present stage of the business. Isaac Mavura, as the responsible engineer, remains available through the activation and handover process to support the platform's correct use.

We value the opportunity to work together. If the operational arrangement is not suitable for your present plans, INM LTD respects your decision and appreciates the opportunity you have given us. This statement is a transparent cost-of-operation summary and does not replace a signed agreement or invoice.

Kind regards,

Eng. Isaac Mavura

Lead Engineer, INM LTD
